

CONFERENCE ON THE THIRD MISSION OF THE UNIVERSITY
Science Technology Park Zvezdara, November 23, 2018

CALL FOR PAPERS

You are cordially invited to apply for the *Conference on the Third Mission of the University*. The Conference is organized with Erasmus plus funded project “Institutional framework for development of the third mission of universities in Serbia”. It provides arena for scholars, professionals, graduate students, policy-makers and other interested parties in **all three pillars of Universities’ Third Mission** to present their research and good practices and obtain in-depth feedback on their work through interaction with a group of distinguished international scholars. The venue of the Conference is the Scientific Technological Park Zvezdara, the leading institution which connects business and academia.

The goal of the meeting is to present papers and participate in the debate on the aspects of third mission. Moreover, Proceedings with peer reviewed papers will have ISBN number, thus all papers could be listed as reference in researchers’ CV. The presenters are expected to present their paper to the other conference participants (approximately 15 minutes for each presentation) and will receive intense feedback on their work from other participants of the conference.

We invite submissions in all areas of third mission of university, targeting one or two tracks. In particular, we encourage submissions related to the conference theme, i.e. technology transfer and innovation in the business as the result of academic research, good practices in increasing of the social engagement of HEIs, life long learning as the growth engine in modern society, etc. Therefore, the list of topics includes, but it is not limited to the following:

Academic continuing education / University LLL	Social engagement	Technology transfer and innovation
<ul style="list-style-type: none"> • Strategy: how do universities include continuing education (CE) in their strategy, areas of potential for growth for CE 	<ul style="list-style-type: none"> • Creating stimulating atmosphere for volunteering on HEIs 	<ul style="list-style-type: none"> • Bridging the gap between academic and business technology development and research
<ul style="list-style-type: none"> • Reputation and quality assurance of CE: (international) accreditation etc. 	<ul style="list-style-type: none"> • Social Entrepreneurship 	<ul style="list-style-type: none"> • New trends in digital technology which facilitate technology transfer
<ul style="list-style-type: none"> • University cooperation for life-long learning: (international) partnerships incl. Erasmus+ 	<ul style="list-style-type: none"> • Contribution of HEI in developing social innovations 	<ul style="list-style-type: none"> • Improvement of technology readiness level by proof of concept initiatives
<ul style="list-style-type: none"> • Student life-cycle: universities as partners for life-time (incl. career centers, alumni clubs, etc.) 	<ul style="list-style-type: none"> • Open access for publicly funded research 	<ul style="list-style-type: none"> • Unlocking the potentials of HEIs for fostering innovations in the market
<ul style="list-style-type: none"> • Delivery modes in CE: research-led learning, 	<ul style="list-style-type: none"> • HEIs as the parts of the local 	<ul style="list-style-type: none"> • Development of TTI supporting
